

FJORD AVIATION PRODUCTS AWBC-1 all weather breather cap is a direct replacement for Betts rubber weather cap on Betts Manhole Covers. Being made of durable impact absorbing urethane polymer, it protects against driving rain and particle fuel contamination associated with premature filter / coalescer shut-down and high PSID.

FEATURES: 100 mesh stainless steel filter strainer and fire screen control propagation

UV, fuel and chemical resistant

Flame Retardant / Non-combustible with operating temps from -20° to 200°F

Meets and exceeds NFPA-385 and SAE requirements for vacuum breaker valve protection plus flame propagation control

COLOR: Orange Ring and Black Tube

This maybe the answer to the water and dirt problem in your tanks. Prevent water and dirt intrusion into aviation fuel tanks for years to come (2 year warranty) with **FJORD AVIATION PRODUCTS AWBC-1** and help maintain “clean dry fuel to the aircraft.”
